

"As Penobscot County Sheriff, I am committed to both the safety and the betterment of our communities. It is clear to me that Lee shares this same commitment. Lee and I are both longtime supporters of Universal pre-K, which has been proven to reduce crime and create safer communities for our families. We know that high-quality early education can set our children on the right path from the start. I am confident that Lee has not only the capability but also the commitment to serve this community well."

"I am delighted to support Lee for re-election to the Old Town School Board. I have witnessed Lee's work ethic and commitment to service first-hand, and I am confident that he will continue to be an effective leader for the people of Old Town."
